

Renards

ARTISAN CHEESE

HISTORY

Renard's Cheese was established in 1961 in Door County, Wisconsin. We are a family owned and operated business that is now on its third generation of cheesemakers. Master Cheesemaker Chris Renard and Ann Renard own both Renard's Cheese Stores, Melt Bistro and Renard's Rosewood Dairy where all the cheese is produced. We are fortunate to be surrounded by the beauty of Door County and are mindful of its well-being during the cheesemaking process.

REFRESH

Renard's Cheese has a New Look! Based on new labeling laws requiring us to make changes to our labels, we have been afforded the opportunity to refresh our look. During this process it was important to the Renard family to embrace the history and handcrafted values while capturing the local beauty and spirit of Door County where our roots began. We wanted the logo to reflect the handcrafted feel that speaks to the heart of our vision. Our team worked with artist Lee Radke to create paintings of iconic Door County images for the cheese labels. We are very excited to showcase our new look and hope that it is enjoyed by all.

FUTURE

We are committed to the sustainability and longevity of our Handcrafted Artisan Cheese. While many things have changed over three generations, Renard's family heritage and iconic recipes remain the same. This precise art has awarded the Renards not only a reputation of great standards but also a product they are proud to put their name on.
